

TEEN SOUGHT IN PERCY MURDER

Teamsters Split Ticket

Pick Romney, Williams; Neither Cares

By THE ASSOCIATED PRESS
Republican Gov. George Romney got enthusiastic endorsement from Michigan Teamsters Sunday while a "lesser-of-two-evils" nod went to Democratic U. S. Senatorial candidate G. Mennen Williams.

Teamsters President James R. Hoffa called Romney "the best governor for the working man since Frank Murphy." Democrat Murphy played a key role in the start of the United Auto Workers in the 1930's.

While praising Romney, Hoffa showed why distaste for Williams in telling 1,800 Detroit-area Teamster leaders of endorsements by Michigan DRIVE, the political arm of the Michigan Conference of Teamsters.

Last February, Hoffa denounced Williams as a "liar" who had reneged on promises.

Williams received news of the endorsement Sunday with slight enthusiasm. Romney said he didn't approve of endorsements by "economic organizations" and that he didn't approve of Hoffa's tactics.

Hoffa made it clear Sunday that the Teamsters considered the record of Williams' opponent, Sen. Robert P. Griffin, so bad that they felt compelled to back Williams.

LOT TO LEARN

Hoffa said Romney's opponent, Zoltan Ferency, might make a good governor but that he would have to "learn an awful lot in a hurry" to do as well as Romney.

With exception of Romney, the Teamsters endorsed the entire state Democratic ticket.

Ralph Muncey, Socialist Labor Party candidate for U.S. Senate, said Hoffa did not have the "interest of workers at heart" in saying there was no other choice but Williams or Griffin for the Senate seat.

"Either his (Hoffa's) concern for workers is so little that he doesn't know that there is a candidate on the ballot who represents the bona fide interests of workers or he chooses to disregard that candidate, in which case he allies himself with the capitalist exploiters of labor," Muncey said.

Old Currier School Is Destroyed

BUCHANAN—The old Currier school on Curran road in Bertrand township, six miles southwest of Buchanan, was razed by fire early Sunday morning. The possibility of arson is being investigated.

The brick school built around 1900 had been closed for more than 12 years and had been sold to Louis Seabast, a Buchanan-area farmer. The fire was discovered at 12:45 a.m. by Mrs. William Karpinski who lives on Curran road.

There was no estimate of loss and it was not covered by insurance.

Continue Bulb Sales

Lions club members from St. Joseph, Benton Harbor and Lakeshore will hit the trail again tonight selling light bulbs so that others may see.

The house-to-house sale starts at 5 p.m. and residents who would like to aid the Lions' sight conservation program are requested to turn on their porch lights. The Lions have coordinated their sale but have 35,000 bulbs to sell and were unable to make complete rounds last week.

St. Joseph residents can order bulbs by calling Dave Flister at YU 3-6559. Hal Edelberg is chairman of the Benton Harbor sale and Otto Grau and Robin Campbell head the Lakeshore drive.

TRAPPED AFTER TYPHOON: A rescue worker gives a soft drink to a six-year-old Japanese boy trapped under debris of a house at Ashiwada Village, near Mt. Fuji, Sunday. The house was shattered in a landslide caused by Typhoon Ida, whose torrential rains and 200-miles-an-hour winds caused heavy property damage and loss of life. (AP Wirephoto)

VICTIM BALKS

Gunman Misses With Five Shots

ARLINGTON HEIGHTS, Ill. (AP)—"I'm sort of glad he was a lousy shot," said William Wallenbecker Jr. after ducking five bullets and snatching \$4,000 back from the man who robbed him.

"He kept telling me he was going to kill me while he was shooting from about 20 or 30 feet away," the 21-year-old Northwestern University graduate student said.

"I didn't hear the bullets, but I could smell the gunsmoke." The slender youth said he was leaving his employer, Monaco Drug and Liquors, Sunday night when it happened. He climbed into the delivery truck with the night's receipts and the man accosted him.

"When he told me to hand over the money, I was just kind of mad at this guy," Wallenbecker said. "We sort of wrestled in the car a bit. He was trying to push me over and drive away, but the key fell to the floor. He ran."

"I ran after him."

Wallenbecker said the man fired — witnesses said five times — as they ran to a field.

FIRST FIGHT

"That's where we had the fight," said Wallenbecker. "He hit me with the gun and threw it into the weeds. I got on top of him and took the money."

Witnesses summoned police, who broke up the fight and arrested Anthony Lizio, 34. Lizio was charged with armed robbery.

Wallenbecker, who weighs 155 pounds and stands 5 feet 7, said he has never had a fight and knows nothing about guns.

"I really don't know why I did it. I just didn't want to see him get away."

Wire Helps 11 Victims Of Cancer

Radioactivity Curbs Disease

CHICAGO (AP) — Researchers at the University of Chicago say that radioactive chromium wire has been used successfully in the experimental treatment of cancer.

"Six years ago a patient with a life expectancy of six months was treated with radioactive chromium wire," Dr. Melvin Griem, an associate professor of radiology said Sunday. "He is leading a normal life today."

Griem led the experiments at the Argonne Cancer Research Hospital of the University of Chicago.

Since the initial use of the wire, 20 additional patients have undergone such treatment. These cases, Griem said, are being evaluated.

As explained by Griem, the radioactive chromium wire was cut into short lengths and inserted into cancerous tissue of patients to retard or destroy the cancerous growth by radiation.

RESEARCH CENTER

The wire was made by the U.S. Bureau of Mines at its research center at Albany, Ore. "Other radioactive metals have been used as cancer therapy implants, but chromium wire is particularly useful because radio-chromium has a convenient half-life (the time needed for the radiation level to drop by half) of 27 days," Dr. Griem said.

"A period of time associated with its half-life is long enough to insure an effective dose of radiation, but not so long that the metal would have to be removed to prevent an overdose," he added.

LITTLE PIECES

The wire used by the researchers was thirty-one thousandths of an inch thick.

Griem said his team cut the wire in 3-16-inch lengths and irradiated the pieces in an atomic pile to convert some of the chromium atoms into the isotope called chromium-51.

Several inches of the wire were implanted in each patient by use of a specially designed gun.

Pope Turns 69

VATICAN CITY (AP)—Pope Paul VI marked his 69th birthday today with a normal 18-hour work schedule and no arrangements for any special observance.

Typhoons Rip Japan; 197 Dead

Winds Hit 202 MPH; Crops Hurt

New Storm Heads For Coast; Loss Tops \$300 Million

TOKYO (AP) — Hundreds of police and soldiers were pressed into disaster duty today to clean up the debris, restore communications and dig out the dead from the worst typhoon to hit Japan in seven years.

Typhoon Ida smashed into the heartland of Japan, the Tokyo and Mt. Fuji area, early Sunday while Typhoon Helen was still beating southern Japan with less ferocity.

National Police headquarters said the latest count was 197 dead, 123 missing and nearly 1,000 injured. Damage to U.S. military installations was estimated at more than \$6 million.

Government officials estimated Japanese damage at more than \$300 million.

It was the highest typhoon casualty toll since 5,041 died near Nagoya on Sept. 26, 1959. U.S. Army headquarters said no Americans were badly injured.

NATION STALLED

Today, more than 24 hours after the two typhoons struck, some railway lines, many roads and electric power had not been restored in some areas. Schools for children of American servicemen were closed because of power failures.

Troops and local rescuers fought mud and huge boulders in the hope of finding survivors in two remote Mt. Fuji villages buried by a huge landslide set off by torrential rains.

A third big typhoon, June, was churning in the Pacific. Weathermen said it might approach Japan Thursday if it stays on its present course.

The weekend typhoons, and particularly Ida, caused multimillion-dollar damage, including 60 per cent of the pear and grape crops in Yamanashi Prefecture, site of Mt. Fuji.

Salty rain carried by the typhoon also did widespread damage to harvests.

GUST OF 202 MPH

Ida hurled the most violent winds ever recorded by Japanese weathermen — 202-mile gusts — at the top of Mt. Fuji.

Gusts of 85 miles in Tokyo were the third strongest on record.

Mountainous Yamanashi Prefecture, less than 100 miles west of Tokyo, bore the brunt with 89 deaths. Many villagers were caught in their sleep by the landslide.

The mud avalanche destroyed Ashiwada and Saiko villages on the north side of Mt. Fuji, leaving 50 dead, 51 missing and 64 injured.

U. S. LOSSES

U.S. officials at the U.S. Naval Air Station at Atsugi, west of Tokyo, said the typhoon destroyed two hangars, damaged the base's three other hangars, and almost wrecked five barracks, a post exchange, warehouse.

Humphrey Calls RFK 'Lesser Man'

LOS ANGELES (AP)—Vice President Hubert H. Humphrey spoke today as U.S. Sen. Robert F. Kennedy today as he began a tour of California.

Comparing President Johnson with Kennedy, the vice president said: "President Johnson's view is a little more mature, a little more responsible, a little more in the public interest."

Humphrey talked about Kennedy and his own political future on a television news interview taped for release in Southern California tonight.

TYPHOON IDA RAKES JAPAN: Typhoon Ida, downgraded to a tropical storm, headed northeast into the Pacific Ocean after sweeping across Japan in the early morning hours Sunday, leaving death, injury and destruction in its wake. Damage by wind, water and landslide was incalculable. Heaviest hit area was the section around Mt. Fuji. (AP Wirephoto Map)

THREE DIE

Five Dogs Poisoned At S.J. Dump

Three hunting dogs have died and two are seriously ill of strychnine poisoning following workouts in the St. Joseph city dump.

This was the report to St. Joseph police Sunday by two Benton Harbor men, Allen Glass of 362 Lincoln avenue and Ed Hudson of 150 Birdie avenue.

They report they each lost a dog, have a friend who lost one and two other friends whose dogs are seriously ill but expected to recover.

The men said the dogs were run at the dump in training for hunting. Dr. A. W. Winter diagnosed the cause of death. He said rat poison is not normally strong enough to kill a dog.

Police said the poison, if it is in the dump, could have come from almost anywhere.

Frost Hits Many Parts Of Area

Frost borne on temperatures down into the 20's settled over many parts of southwestern Michigan early today.

Most growers in frost-hit areas were waiting until noon to assess possible damage, but the consensus was that only ground crops such as tomatoes would have suffered.

The lowest official agricultural weather station reading taken in the area was at Grand Junction, where the thermometer dropped to 26 degrees at the five-foot level. The highest low was 43 degrees on high ground northeast of Eau Claire.

The agricultural weather station at Sodas, which reported a five-foot low of 32 degrees, said the ground temperature plummeted to 25. Glendora recorded 32 degrees at five feet, and Watervliet had 29.

RENEWAL PLAN

Blighted Block Refuses \$750,000

RYE, N.Y. (AP)—A group of do-it-yourselfers who live on this city's "most blighted block" have asked Washington to keep \$750,000 in urban renewal funds. They promised to spruce up the place themselves.

Banding together as the Rye United Improvement Committee, the group appealed to Robert C. Weaver, secretary of the department of housing and urban development to reject the city fathers' request for renewal funds.

The Rye Planning Commission calls the block containing 52 cottage-like houses the most blighted area in the city and contends it is a bad influence on the surrounding areas. Mayor Edmund C. Grainger Jr. says it is a "block of horror."

The houses date from the early part of the century, when they were built as summer beach cottages. Most of the cottages have since been converted to year-round use.

Rye's urban renewal plan calls for removing all but six of the units and replacing them with single-family homes and luxury and middle-income apartments at a cost of \$950,000, of which the federal government would pay \$750,000.

Residents of the block say they've started their own cleanup campaign, and point to eight uninhabited cottages which they tore down at their own expense.

The basic issue, the residents say, is that they would not be able to afford to live in their neighborhood any longer if the renewal plan went through.

"Why should everyone in Rye be a millionaire?" asks Ernest G. Kissmann, chairman of the group.

Talked To Girls On Train

Victim's Sister Tells Of Encounter

KENILWORTH, Ill. (AP) — A 19-year-old youth was sought for questioning in the Valerie Percy slaying today as police beefed up their forces for a long investigation.

"The investigation 'is going to take a long time,'" said Kenilworth Police Chief Robert M. Daley. He said state troopers had joined his 11-man force trying to track down the slayer of Miss Percy, 21, daughter of Charles H. Percy, GOP nominee for the U. S. Senate from Illinois.

Also taking part in the investigation are state's attorney's police, Cook County sheriff's police, Chicago crime laboratory and identification technicians and FBI agents.

Police sought for questioning a youth about 19 who spoke to Valerie and her twin sister, Sharon, some 30 hours before Valerie was killed.

Police said the girls sat near the youth in an elevated train car as they returned home from their father's Chicago campaign headquarters. They quoted Sharon as saying her sister introduced the youth by his first name only.

Sharon told police the conversation then ended. She said the youth transferred trains with them and got off at their stop, walked behind them a short distance and then took another path.

Police said Sharon's description of the youth matched sketchy descriptions of Valerie's killer. They did not disclose his first name and his last name was not known.

The Percy family went into seclusion at an undisclosed location.

Police reported that Percy and Sharon Percy had given them new leads. Chief Daley said the information had been relayed by a family friend.

Without disclosing specifics, Daley said they had given him the names of new possible suspects and additional information on persons previously considered suspects.

Miss Percy was beaten and stabbed repeatedly Sept. 18 in the Percy home.

Daley said more than 150 persons have been questioned since the brutal murder. He added that it is possible that 150 more persons will be questioned this week.

Nine fingerprints were found in the Percy home which do not match those of any member of the Percy family or of persons known to have visited the mansion, police said.

No Probate Business This Week

The Berrien County probate court will be closed, beginning Tuesday, for the remainder of this week, according to Probate Judge Ronald H. Lange, while the court moves into the new courthouse.

The court will reopen at 8:30 a.m. next Monday in its new offices.

"Absolutely no business will be transacted during this period," the judge said, "except for genuine emergency matters, such as emergency mentally ill petitions."

Because of uncertainty whether the probate courtroom in the new courthouse will be available for use next Monday, Judge Lange suggested that persons who have hearings set for Oct. 3 should go to the old courthouse for instructions.

Barry's Warning

PHOENIX, Ariz. (AP)—Barry Goldwater, in an attack at The John Birch Society, has warned Republicans to keep the ultraconservative group away from power in the party.

"I tell you, the worst job of politics is done in districts run by the Birch people," Goldwater said Sunday in an interview with Don Bolles of the Arizona Republic.

Old Wine In New Bottles

Reproduced below is part of the "Big D" column which Paul Crume ticks off for the Dallas, Tex., Morning News. Crume penned this one for his June 21st edition and we saw it as a reprint in the October issue of Trains Magazine. Trains, as we gather, is the Bible for iron horse buffs. We're passing it on today for two reasons.

One is to revive the memory of the older reader who recalls what public transportation was in the Twin Cities area before the motor bus took over in 1935 and which between Benton Harbor and St. Joseph now limps along in bug sized carriers.

The other is to use Crume's excellent style to dramatize the point on how human difficulties seem to repeat themselves, if in somewhat different form at least with distressing regularity.

In other words, what Crume despairs of as regarding the old interurban can be applied a lot of other cares and woes which crop out constantly.

Shortly after WW II, for instance, it was widely contended that a growing suburbia would automatically solve all questions of non-farm living. Barely 20 years later, the country learns to its dismay that nothing has been solved. Suburbia is almost as bankrupt as the cities in trying to keep up with service demands and now the planners are saying the process should be reversed. Go back to concentration.

At the same time Urban Renewal is blasting down much of the central city's building to re-build in island fashion.

Maybe that's the way things have to be handled, one bite at a time and frequently on a re-chewing system much like Bossy the cow.

The process, though, does confuse us occasionally.

We're happy, however, to learn we're not alone in the perplexity and are equally happy to be able to have this very able Texas newsman's humor occupy the forum today.

★ ★ ★

Personally, I found the Goals for Dallas report on regional transit highly disappointing. It failed to call for a return of the interurban car.

Thirty or forty years ago we already had regional transit. We just didn't have much to transit. A man could get on an interurban car in Dallas and ride clear to Corsicana by modern electric railroad. No smoke. No cinders. He could ride to Waco or Fort Worth or Denison or just about anywhere we want to go now by regional transit. It was pretty rapid, too, though a little more rapid traveling toward sea level than the other way.

The Oak Cliff High football team would never have thought of traveling to Fort Worth by auto. That might have taken the better part of the day. You could make it easy by interurban in 2 or 3 hours if you didn't split a switch.

They say this regional transit was junked because it was unprogressive, and now we're trying to progress right back to it.

To a boy in the country, the sight of one of these interurban cars clucking across the fields was one of the noblest things ever devised by man. The car always looked a little like a runaway buggy that had forgotten to bring its horse.

Up in front, the motorman looked down from his lordly throne. The sliding doors of the baggage compartment were always open on hot days to keep the cars cool. Usually a coop of chickens and a couple of cans of cream were in the doorway. Back in the passenger compartment the cotton picking hands (the laboring type, not the epithet) would be traveling toward a job, or maybe they were cotton chopping hands.

People say now that the interurbans were uncomfortable, but the chickens always looked comfortable to me.

In towns, the interurban tracks were often laid right down the middle of Main Street, a very sensible arrangement. People knew that they had regional transit; they didn't have to look it up in the Yellow Pages. Also it was very handy for the drummer who had to haul around a bunch of big leather sample boxes, for the interurban would thoughtfully deposit him right at the door of the store.

You can't get much more regional than that.

It is my understanding (which is not very good in matters like this involving more than \$4.95) that the interurbans went out when the federal government told the electric utility companies that they couldn't have anything to do with running streetcar and interurban lines. Up until then, we had 7-cent streetcar fares, but the government said this wasn't in the public interest.

I just don't understand it. It seems to me that it is a lot better to have a company pay for part of this out of its profits than to have to do it yourself at the end of the line where the operator might be low on change.

It is all right with me, for instance, if Texas Power & Light sells the government all the electricity in the world if we can get low income taxes.

France Prepays

Although the United States government has had good reason to find fault with France since Gen. de Gaulle became president, one Gaullic custom has the wholehearted approval of the U.S. Treasury—prepayment of postwar debt.

France has just paid \$70.8 million ahead of schedule. Normally the payment would have been made in three equal amounts annually through 1969. Of the \$1.85 billion France has repaid since 1947 on reconstruction loans, \$810 million, according to the Treasury, were payments in advance. Of these loans, France still owes \$300 million.

This practice of debt prepayment is one the Treasury especially appreciates at this time because it helps offset millions of dollars left overseas by American tourists in the July-September vacation period.

Unhappily, France is the only nation in debt to the United States which has been paying ahead of time. It would be helpful to the U.S. balance-of-payments position if other debtor nations holding large dollar reserves would follow France's example.

While France has an excellent record in paying postwar, but not war, loans, she is one of the chief causes of the heavy loss of U.S. gold in recent years. In fact, France is the only European nation which so far this year has been converting large quantities of dollars into gold.

He Didn't Have To Flee

It is always shocking to Americans to learn that a fellow citizen has voluntarily put himself into the hands of an iron curtain country in preference to living in his own land.

It is particularly distressing in the case of the Roman Catholic priest, Harold Kock, formerly of Chicago, who was reported to have sought political asylum in Soviet Russia, in opposition to what he terms U.S. aggression in Viet Nam.

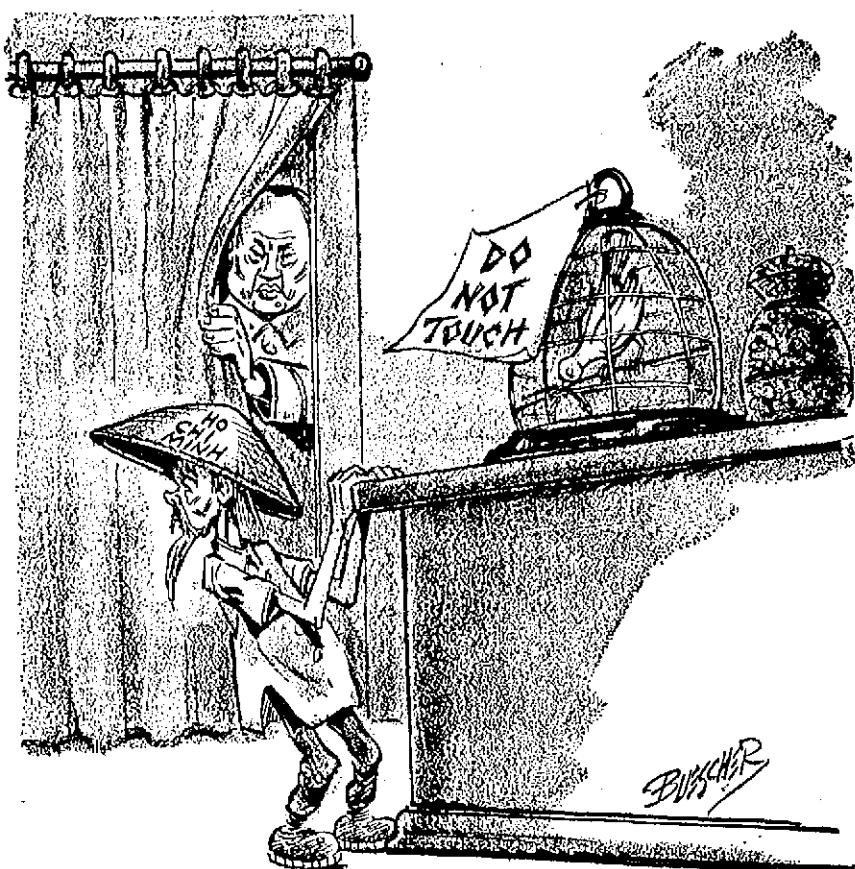

It has been reported that his former church superiors had suggested that he obtain psychiatric help, and if this is true, it indicates that he may not be in a condition to make responsible decisions.

Early reports give no clue to how the American priest reached Soviet Russia, nor how long he has been there.

One thing is certain. He did not have to flee the United States under a barrage of machine gun bullets, as did two East German couples who breached the Berlin wall in a bulldozer.

One can only feel sorry for a free man who deliberately puts himself into the hands of a state which walls in its citizens and shoots at the few who are brave enough to try to escape.

BIG BROTHER IS WATCHING

CLIBURN RECITAL THRILLS CROWDS

—1 Year Ago—

A climatic event in the cultural sphere of the twin cities took place this evening when world famous pianist and winner of international competitions, Van Cliburn, performed before a capacity crowd in St. Joseph high school auditorium. After the encores had been completed, one might easily conclude that with this concert a new era has begun for this community.

Cliburn was brought to the area by the board of directors of the Twin Cities Symphony society of which Mrs. Harold Fowler is president. Included in the program were works by Brahms, Beethoven, Prokofiev,

and Liszt but a standing ovation brought first a Liszt arrangement of a Schumann work and the second a famed Chopin polonaise.

NO DELAY FOR PROJECT

—10 Years Ago—

Huron Portland Cement company's development program at Sportsman's Port will not be delayed by yesterday's \$40,000 fire that ripped through the sundacking dredge, Mudden II, in the local turning basin, Cap. Jack Lyons, owner of the Lyons Construction said today. He attributed yesterday's disaster to a "flash fire, probably caused by accumulated gas below decks which was sparked by an electric motor."

Capt. Lyons said that most of the damage was confined to generators and electrical equipment, along with navigation equipment. He said the pilot house, compass and ship signal system were wrecked by the fire. He indicated though that "we should be going strong in two weeks."

SOVIET TROOPS TRAP GERMANS

—25 Years Ago—

Whole battalions of German shock troops have been blown to pieces by minefields in a strong attack on the Crimea, advisers reaching London said today, and the Russians were reported to have the situation well in hand after stemming two Nazi assaults. German parachute troops used in the attack likewise were declared to have been annihilated.

Nazi parachute troops and infantry were reported continuing the assault on the Crimean peninsula, battering fiercely at Soviet line stretched across the bottleneck Prekop isthmus, only five to eight miles wide. The terrain was described as advantageous for the Russians with numerous small lakes and marshlands forming natural defense barriers.

TRY AND STOP ME

By BENNETT CERF

Even so great a golfer as Arnold Palmer can get into occasional trouble on a relatively easy hole. In a Los Angeles tournament one day, on a 3-par, 180-yard hole, Palmer, to the amazement of the gallery, lofted four shots out of bounds and wound up with an unbelievable 12. Later a fan asked him, "How on earth could a superstar like you score a 12 on a hole like that?" Palmer, still burning, explained, "Nothing to it. I missed the 30-foot putt that would have given me an 11."

A city child came home from the park and used some very bad language. The father, appalled, demanded of the mother, "Where did this little blank pick up words like that?" The wife answered, "From you, you dumb blank, blank."

QUOTABLE: "Thanks to ingenious super-highway planning, interchanges, and cloverleafs,

the modern metropolis now enables traffic to be stalled four abreast."—Eugene Berlin. "The reason some folks never reach the top of the ladder is that they mistake it for an escalator."—Joan Welsh. "The birds and the bees must be mighty embarrassed at what some fathers tell their children about them."—Hal Smith.

speaking of YOUR HEALTH

By Lester K. Coleman, M. D.

Is Bronchiectasis the same as a chronic bronchitis? They are two totally different conditions even though they are in some ways related. A long standing chronic bronchitis may sometimes become complicated and develop into bronchiectasis. This is an enlargement of the ends of the bronchial tubes. It may occur in one lung, both lungs or in segments of each. The most predominant symptom is a chronic cough with expectoration of large quantities of thick, infected material.

Chronic infection of the sinuses is one of the major reasons for the production of both bronchitis and bronchiectasis.

The progress of a long standing cough from a simple condition to a complicated, serious one emphasizes the need to find and treat the underlying cause early.

By what tests can a doctor find out if the circulation of the blood in the feet and legs is normal? Doctors frequently suspect some difficulty with the blood circulation after listening to a patient speak of his symptoms.

For example, cramps in the legs after walking a short distance, a bluish discoloration of the feet and swelling of the ankles highly suggest poor circulation and the need for severe testing. An instrument called the oscillometer very accurately measures the flow of blood through the arteries to the thigh, the legs and the feet. By measuring the strength of the pulsations the instrument can tell if there is any obstruction

to the normal flow of blood. Another test, the arteriogram is an X-ray study of the arteries while a special dye is passing through them. Still further tests can accurately measure the speed with which an injected substance can pass through the entire body. One such test starts when a chemical is injected into the arm and finishes when there is within a few seconds the sudden odor of garlic on the breath. Many more ingenious tests reveal most of the secrets of the blood circulation in all parts of the body.

Where can one learn about the special gadgets and methods of making life more bearable for a person who has partially recovered from a stroke?

The medical specialty of rehabilitation and physical therapy is a most rewarding one for its help to the handicapped. The physical, social and psychological readjustments of victims of strokes, polio, accidents and neurological diseases has been made possible by the brilliant advances of this specialty. Dr. Howard Rusk is signed out as the "father of rehabilitation." Many doctors all over the world are now using methods and appliances that are individually suited to the specific needs of every handicapped person. A roster of specialists in this field can be obtained from the Institute of Physical Medicine in New York City.

SPEAKING OF YOUR HEALTH—There is some form of healthful exercise for everyone.

Dr. Coleman welcomes letters from readers, and, while he cannot undertake to answer each one, he will use questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Coleman in care of this newspaper.

1 Pass 3 Pass 4 Pass
4 NT Pass 6 Pass
6 Dble Pass Pass
Redble

Opening lead — three of spades.

This hand occurred in a rubber bridge game played in Italy early in 1963. Strangely enough, it had a bearing on the world championship played later that year in Italy.

North was Carl Alberto Perroux, non-playing captain of the famous Italian Blue Team which has dominated the world of bridge for the past 10 years.

South was Camillo Pabis Tici, who was appointed by Perroux that year as a full-fledged member of the team, partly as a result of his fine

play in this hand. The bidding was sparty, especially East's double of six hearts. Ordinarily, South would have had to lose two spade tricks to go down one, but Pabis Tici found a method of play that brought home the contract.

West led the three of spades. Declarer realized that the lead was probably a singleton and accordingly began to take steps to avoid losing two spade tricks. After winning the spade with the ace, he cashed the king of hearts and ruffed a club.

Pabis Tici then cashed the ace of diamonds and ruffed a diamond, after which he trumped the jack of clubs and ruffed the last diamond.

He now led the king of clubs, but instead of ruffing it, discarded the eight of spades. West won with the ace, but then had to return a diamond or a club.

This permitted South to ruff in dummy as he discarded the spade nine from his hand, and the outcome was that he made six hearts redoubled for a plus of 2,220 points, instead of going down one for a minus of 460 points.

The loser — on a loser play worked to perfection and there was nothing the defense could do to prevent it from succeeding. Pabis Tici lost a club trick he did not have to lose, but he got the trick back with interest.

IT HAPPENED TODAY

On this day in 1815, the sovereigns of Austria, Prussia and Russia formed the Holy Alliance.

IT'S BEEN SAID

Make yourself an honest man, and then you may be sure there is one rascal less in the world. — Thomas Carlyle.

BORN TODAY

Born in Brooklyn, N.Y., in 1898, George Gershwin began his musical career as a "Tin Pan Alley" song plugger, pianist and rehearsal conductor, writing songs in his spare time. "Swanee" made his reputation. Gershwin wrote his first musical comedy, "La La Luceille," which appeared when he was 21. In the next dozen years he wrote some of the greatest successes in this field ever presented on the American stage, among them four succes-

sive editions of "George White's Scandals," "Lady Be Good," "Funny Face," "Girl Crazy," and the first musical comedy ever to win the Pulitzer Prize (1932), "Of Thee I Sing."

In 1923 Gershwin made his first essay into more serious music, with the jazz symphony, "Rhapsody in Blue," introduced by Paul Whiteman the following year as the high point of the "Ten Years of Jazz" concert at New York's Aeolian Hall.

"Piano Concerto in F," commissioned by the New York Symphony Society, was next, followed by "An American in Paris," presented at Carnegie Hall with Walter Damrosch conducting the Philadelphia Symphony; "Second Rhapsody," introduced by Koussevitzky and the Boston Symphony, and "Cuban Overture."

Perhaps his most interesting and appealing experiment was "Porgy and Bess," an extraordinary combination of musical comedy and opera, based upon Dr. Bessie Heyward's novel and play. An outstanding hit in 1935, it has been revived several times and twice made into a motion picture.

Others born this day include composer Dimitri Shostakovich, poet T. S. Eliot, Pope Paul VI, conductor Charles Munch, singer Julie London and baseball's Bobby Shantz.

Relations Board Eyes Proposal

'Cross-Section' Idea Offered; Meets Opposition

A proposal to reshape the Community Advisory Board was discussed Saturday at the organization's regular meeting.

No action was taken but the issue was left alive, possibly to be brought up at the board's next meeting in October.

Co-chairman George Welch proposed that the group seek representatives from all twin cities area institutions and ethnic groups, including businesses, industry, government, education, religion and so on.

Fear was expressed, mainly by George Westfield, chairman of the group's recreation committee, that such a hunt for a "representative cross-section" would bog down the group with uninterested people.

Oliver Edwards, reporting for the group's housing committee, reported that the housing situation for some families was critical to the point that some families of 10 and 12 were headed into the winter in houses with broken windows and broken-down plumbing.

Edwards was asked by the Rev. Ellis Hall to do whatever he could to ready the houses he could get the houses ready for the winter.

Welch, reporting for the employment committee, said his committee and he had contacted several building contractors in the area and gotten several pledges that jobs would be available to sincere applicants.

Clarence Washington, reporting for the communications committee, stated that efforts should be made to make the more fortunate Negroes sympathetic to the less fortunate Negroes. The community could best reach the impoverished Negroes by talking through the middle-class Negroes if the Negro community could be drawn closer together, he declared. "This would draw the entire community (Negro and white) closer together," Washington said.

Nazi Tries Back Door Talk In S. J.

Benton Harbor Nazi Alex DeFields spoke at the back door of the Berrien county courthouse Sunday and led brief picketing of the St. Joseph city hall.

In his speech, DeFields declared the St. Joseph city commission's recent endorsement of open occupancy and called for "white power."

He said he would appear before the city commission to-night. The dozen pickets, who drew almost no attention, carried signs with a swastika and the words "White Power."

Berrien GOP Meeting Set Tomorrow

Republican issues for 1966 will be presented to the Berrien county Republican committee Tuesday by Dean Kimmerly of Stevensville. Chairman David Upton said final organizing plans for the last month of the campaign also will be made at the 8 p.m. session at Youth Memorial building, Berrien Springs.

Local Schools Get Malaysia Filmstrip

A film on a new nation is being distributed to 112 area schools through the visual education program conducted by this newspaper.

"Malaysia" is the subject of the filmstrip that shows the economic and cultural life of the sprawling federation that was organized in 1963.

DEER SLAYER IN PAW PAW PARADE: John Williamson, 14, Ypsilanti, was one of many entrants in Paw Paw parade Sunday which started week long grape festival. Stuffed deer and Indian costume won prize for John. Other categories in parade were antique cars, bands, horses, pony teams, boy scouts, brownies, and sheriff's posses. About 80 entrants paraded in front of large crowd, coming from as far as Detroit and Plainwell. (Staff photo)

New Buffalo Crashes Kill One, Injure Six

Berrien Road Toll Now 40 For Year

NEW BUFFALO—One person was killed and six others remain hospitalized including one in critical condition, after two separate accidents in the New Buffalo area Sunday afternoon.

James Willford, 59, route 1, New Buffalo, died of internal injuries at 6 p.m. when the car he was riding in was struck broadside at Whittaker and Washington streets, city police reported. His death was the 40th traffic fatality in Berrien county so far this year.

The driver of the car, Earl Willford, 35, route 1, is listed in critical condition in St. Anthony's hospital in Michigan City. The driver of the other car, Danny Collette, 19, of LaPorte, is listed in good condition with a broken arm in St. Anthony's.

Two passengers in Collette's car, Guylla Collette, 17, of LaPorte and Randy Merchant, 19, also of LaPorte are in fair condition at the same hospital. A third passenger, Sharon Birlson, 17, of LaPorte, was treated and released.

The accident is under investigation, according to officers.

The other accident occurred at 4 p.m. on US-12 at Grand Beach when a car driven by Maurice Fitzgerald, 53, of Michigan City, struck another broadside. Fitzgerald and his wife, Clare, 50, were treated at Memorial hospital, Michigan City, and released. Two passengers in the car, John and Mary McCarthy of South Bend, were hospitalized. John McCarthy, 68, is listed in fair condition at Memorial.

Van Buren Woman Dies In Crash

Auto Veers, Hits Tree Near Home

PAW PAW — Auto crashes in eastern Van Buren county Saturday and Sunday claimed the life of one woman, sent several persons to hospitals, and caused property damages in other cases.

Mrs. Chris (Antonia Adriane) Hovenkamp, 51, was killed shortly after 10 a. m. Saturday in a one-car crash on Burgess road at 39th street east of Decatur, only a short distance from her home.

She is the 17th traffic fatality in Van Buren county for 1966.

Paw Paw state police said Mrs. Hovenkamp was apparently startled by another car as she came over a hill, veered off the road, and struck a tree. She was pronounced dead on arrival at Paw Paw Lake View Community Hospital.

Police said the cause of death were skull injuries and a broken neck.

Mrs. Hovenkamp was born Dec. 19, 1914, in The Netherlands, the daughter of Mr. and Mrs. Jan Antonie. On Feb. 16, 1943, she married Chris Hovenkamp. They moved to Kalamazoo in 1949 and to Decatur in 1955.

Survivors include her husband; two sons, Robert of Three Oaks and Earl of New Buffalo; two sisters; and 14 grandchildren. Funeral arrangements were incomplete this morning at the Smith funeral home, New Buffalo.

White Object Seen Over SJ Township

Allen Gouker of Sawyer said he and three other men saw a mysterious round white object in the sky early Saturday morning.

He said the object was about three times the size of the moon and glowed brightly for about 10 minutes and then disappeared. Gouker said he was on Anthony drive in St. Joseph township at a friend's home loading up a car and preparing for a fishing trip.

He said the object was first seen in the east, at an angle of 25 degrees off the ground at 4:20 a. m.

"I don't think it was a flying saucer but I am curious about whether anyone else saw it and if anyone knows what it was," said Gouker. He said he thought it might have been a meteor shower.

A research project at Wallops Island, Va., early Saturday morning brought numerous calls from midwestern residents who reported seeing objects in the sky. The most recent Wallops Island test involved releasing a cloud of material in the upper atmosphere which became luminous.

YOUTHS HURT
A one-car crash Saturday night on Red Arrow Highway near Lawrence sent three teenagers to Paw Paw Lake View Community Hospital.

\$455,000 Needed In Fund Drive

George Jessel Gets Many Laughs For Good Cause

Still smiling at the wit of the incomparable George Jessel, United Community Fund's task force of volunteers today begins the serious job of raising the \$455,000 UCF goal by Oct. 13.

Some 600 UCF campaign workers last night kicked off the 1966 drive with a show at the St. Joseph high school auditorium that was highlighted by the rich humor of Jessel and the sensitive sound of the Twin Cities Symphony, conducted by Hendrik deBlij.

It was a big day for UCF, and Jessel was the focal point. His appearance at the United Fund kickoff was sponsored by Twin Cities business and industry, in addition to their regular gifts to UCF. He remains here today and ends his stay tonight with a talk to the Whirlpool Management Club at the Whitcomb hotel, St. Joseph.

At 3:30 p.m. Sunday, a Whirlpool jet carrying Jessel arrived at Ross field from Chicago's O'Hare airport. A crowd of some 100 persons greeted him, and he was given the keys to the Twin Cities by Mayors Wilbert Smith, Benton Harbor, and William Rill, St. Joseph.

Eying the airport crowd, Jessel noted: "This is one of the nicest receptions I've ever had."

From there, Jessel made a surprise visit to the Benton Harbor fruit market, where the annual United Fund fruit auction was in progress. He climbed atop a pick-up truck where D. W. G. a c auctioneer John Glassman was presiding, told a joke and then left amidst a crowd of autograph seekers.

LAUGHMAKER
Last night at the kickoff show for UCF volunteers, Jessel kept the crowd in constant glee with a mixture of his Jewish anecdotes and a few well-chosen local references.

"I've got a lot in common with Benton Harbor," he observed. "I also come from the House of David — only my David shaved."

Commenting on a Twin Cities hotel, Jessel quipped: "It's so old that the original room clerk was Father Marquette."

Other Jesselisms: "I played football as a boy — until my mother found out what the football was made of."

Jessel, 68, has been in Viet Nam twice this year for the USO, one of the major United Fund services. Turning serious, he put in a strong plug for the current U.S. policy toward Viet Nam. He said:

"The morale of our young men is the highest it's ever been in any war. I don't know why we let these fresh kids with long hair walk around carrying picket signs."

Jessel closed with a serious word on the service provided by the 50 agencies of the United Fund and told the campaigners: "May the Lord God bless you in your good work — and may we meet again."

Jessel's act was preceded by a dramatic UCF "Parade of Services." As WHFB announcer Tom Taube narrated and the Jane Turzy trio played "People," representatives of some of the UCF services came into the spotlight for a bow.

There were servicemen representing USO, crippled children, youths from such agencies as Boy Scouts and YWCA, a family with a baby adopted through Michigan Children's Aid and, in one of the most appealing moments, a walk on stage by Mrs. Helen Pelton, a blind woman from St. Joseph, and her leader dog, Rebel.

Taube reminded the workers that such services were made possible through "fair share" gifts to UCF. "All it takes is a pledge of an hour's pay per month — a small but vital gift of time," Taube said. For all of us, this can be our finest hour."

In the first half of the program, the 60-member Twin Cities Symphony, under the baton of resident conductor Hendrik deBlij, made an impressive season debut and showed promise of a fine season to come.

PATIENT TRANSFERRED
NEW BUFFALO — Frank Herrbach, who has been a patient at Memorial hospital in South Bend, Ind., has been transferred to Walters hospital in Michigan City, Ind.

JESSEL SPARKS UCF KICKOFF: Showman George Jessel meets with other principals at last night's United Community Fund campaign kickoff show. Shepherd Casters Expanding

Will Take Over Coloma Building

The Shepherd Casters Corp. is expanding part of its machine shop operation, installing more automatic equipment and moving it from 350 North street in Benton Harbor to a building in Coloma formerly occupied by the Coloma Fruit Exchange Cooperative.

The move will start next week and the plant is expected to be in full production by February, according to Peter Bentley, executive vice president of the firm that makes furniture casters. He said the expansion is caused by increased sales.

Some 15 employees will be moved from the Benton Harbor to the Coloma shop and "three or four" more persons will be hired for the Coloma plant in the next several months, Bentley said.

Shepherd Casters will rent the fruit exchange building which is owned by Riverside Enterprises, Inc., a firm headed by Charles Zollner of Benton township.

The Coloma Fruit Exchange went out of business in April, 1962, ending 42 years of continuous operation in Coloma. That year a group of Benton Harbor growers purchased the packing house and cold storage facilities and operations were continued.

That same year Zollner's firm purchased the exchange building and rented it as a warehouse to the Twin Cities Container Corp. of Coloma: The container firm later expanded its own warehouse facilities and moved out of the exchange building.

Part of the old fruit exchange complex is being used to pack and store fruit but no fruit processing is being done.

Bentley said the new Coloma operation won't cause extensive changes in the operations of the 10 year old Benton Harbor firm which also has a plant in Toronto, Canada.

Harmony Rings Out

A near-capacity audience in St. Joseph high school auditorium Saturday night heard singing groups from southwestern Michigan and northern Indiana at the 18th annual Barber-Shoppers Parade.

The performance was sponsored by the Fruit Belt chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQA).

Top attraction of the evening appeared to the Hartsman, a group of 15 from the Michigan City-Gary area of northern Indiana. Don Nupp of St. Joseph is a member of the unit.

Other songsters who were well received by the audience were the Insomniacs, a South Haven quartet; the Roadrunners of Gary; the Quarrichords, a quartet from the Fruitbelt chapter, and the Fruitbelt Chorus.

The latter unit sang under the direction of William Hansen.

VISITS SON

DECATUR — Mrs. Lee Titus, 701 White Oak street, Decatur, who has been a patient in Bronson hospital, Kalamazoo, is now at the home of her son Jack where she will remain until able to return to her home.

Undertaker Breaks Hip

DECATUR — Wesley Newell, Decatur funeral director, was taken to Kalamazoo Borgess hospital Saturday night after he received a broken hip in a fall down some steps, according to family members.

Newell was at the home of Chris Hovenkamp, according to the family, making arrangements for services for the late Mrs. Hovenkamp, and fell down while leaving the house.

UCF Nets \$1,522 At Auction

Growers, buyers and businesses chipped more than \$1,500 into the Twin Cities United Community Fund drive during a fruit and vegetable auction Sunday at the Benton Harbor market.

Auction Chairman Tommy Jennaro, a season buyer on the market, today reported the total from the produce auction and contributions from day buyers and growers as \$1,522.38. Season market buyers will contribute later this week.

The Sunday total is more than double the \$648.70 gathered in 1965.

Under the gavel of Eau Claire Auctioneer John Glassman, high bids like those of \$200 by Whirlpool corporation and \$100 by Ashley Ford sales — each for a bushel of apples — were recorded.

B.H. Elks Drive Tops \$180,000

Raising Funds For Country Club

Benton Harbor Elks have reached two-thirds of their goal in the campaign to raise \$275,000 to finance construction of a clubhouse, golf course and swimming pool.

Campaign Chairman Howard Cayo announced the drive has crossed the \$180,000 mark. "We feel more certain than ever that we will pass our goal when we finally complete our job of contacting every member."

The country club planned for a 155-acre tract in Hagar township will be built for family activities, Cayo said. He noted that interest in the country club has caused a corresponding rise in the ranks of Elks members.

More than 50 new membership applications are being processed now and the lodge expects to hit the 1,000 mark by the end of the year.

Exalted Ruler Jerrold S. Alberts announced a mass initiation of new members is scheduled for Oct. 20. "We are very pleased to see this evidence of interest in our activities and look forward to welcoming these new members," he said.

LOONEY SUSPENDED INDEFINITELY BY LIONS

Bad Boy Refused To Play

Plum's Passes Bring Victory

DETROIT (AP)—Whether Joe Don Looney ever plays with the Detroit Lions again remains to be seen, after the latest incident with the football team's noted "bad boy."

The Lions announced after their 28-10 victory over the Atlanta Falcons Sunday that Looney had been suspended indefinitely for refusing to enter the game again late in the first half.

"He has thought for a couple of weeks now that he should be our No. 1 fullback," Coach

Statistics

First downs	153	106
Rushing yards	153	106
Passing yards	104	228
Passes	9-21	18-27
Passes intercepted by	5-17	4-25
Fumbles	4	1
Fumbles lost	4	1
Yards penalized	44	88

Harry Gilmer said. "He refused to go back into the game, saying he was not going to be my messenger boy."

"In the dressing room at half-time I asked him if he was ready to play and he said not if he was going to be used as a messenger boy," Gilmer said. "I told him to stay here and that we wouldn't need him. He didn't walk out, I told him to stay," the coach said.

A year ago, Gilmer fined Looney after a couple of late-hour incidents.

Looney said "Somebody stepped on my back and it was hurting."

"How can they suspend me for not playing when I'm hurt?" he said.

Asked what would happen if Looney refused to play next week, Gilmer answered: "We have a number of backs who are interchangeable."

Looney scored one of the Lion two touchdowns in the second quarter when he broke out of one tackle and ran 24 yards to cap a 63-yard drive.

Milt Plum, who had one of his best passing days as a Lion, completed 19 passes in 27 attempts for 230 yards, including scoring aerials of 13 yards to Gail Cogdill and 7 yards to Tom Nowatzke.

Nowatzke also scored in the second quarter on a two-yard run.

"We just moved the ball better, that's all," Gilmer said in assessing his team's triumph. "We were a real sharp team in the first half and were almost as sharp in the second but the penalties hurt us."

The Lions recovered four Falcons fumbles and turned two of them into touchdowns. Alex Karas recovered a Randy Johnson bobble on the Atlanta 14 just before the first score and Darris McCord covered one on the Falcons 21 to set the stage for the payoff pitch to Nowatzke.

Plum was 13-for-16 in the first half, the only incomplete pass in eight tries in the first quarter coming when the ball hit the goal post.

"We didn't make any severe changes in our pass patterns," Gilmer said.

"We used a pattern we always had. It started to work so we kept going back to it. That often happens in a game."

The Falcons scored on a two-yard run by Ernie Wheelwright in the second quarter and on Lou Kirovac's 40-yard field goal in the third. The latter was set up by Marion Rushing's interception of a Plum pass.

One other would-be scoring drive ended on the Detroit 15 when Angelo Coia dropped the ball after taking a pass from rookie Randy Johnson and Wayne Rasmussen recovered.

The Lions face the unbeaten Green Bay Packers at Green Bay next week.

Atlanta 0-2-0-10
Detroit 7-1-0-28
DET—Cogdill 13 pass from Plum (Walker kick)
DET—Looney 34 run (Walker kick)

RETURNS TO BOOKS

Scholar Holtzman Beats Koufax, 2-1

From Associated Press
Ken Holtzman can forget about Sandy Koufax and the Los Angeles Dodgers. People such as Chaucer and Elizabeth Barrett Browning are more important now.

But Koufax and the Dodgers won't soon forget Holtzman. The rookie left-hander out-pitched Koufax Sunday, holding the Dodgers hitless for eight innings and winding up with a two-hitter as the Chicago Cubs edged the National League leaders 2-1.

While attending classes in the spring he pitched for the Cubs on weekends. Still his 11 victories, against 15 defeats, are the most for a Chicago pitcher this year. His latest was too much for the Dodgers.

Until the ninth inning, the only Dodger baserunner was Dick Schofield, who walked in the third inning on a 3-2 pitch. Holtzman erased him on a double play so the 23-year-old southpaw had faced only the minimum 24 batters when Schofield led off the ninth with a single.

In other NL games, Philadelphia edged St. Louis 4-3 in 13

innings and New York downed Cincinnati 8-4 in the first game of a doubleheader. Rain washed out the second game.

Rank Arvon hit two homers, giving him 42 for the season, and Mack Jones added his 21st as the Braves prevented the Pirates from moving up. The Pirates had the bases loaded and one out in the eighth inning, but Clay Carroll came on and stopped them with only one run.

Willie Mays and Willie McCovey gave Houston three unearned runs in the first two innings, but the Astros needed singles by Aaron Pointer, Bill Hoath and Bob Aspromonte for the winning run in the sixth. That run broke a tie gained for the Gaults by McCovey's two-run homer.

Philadelphia's Rich Allen hit his 40th homer in the fourth inning, singled home the tying run in the ninth and singled across the winning run in the 13th against St. Louis.

The Mets clinched ninth place by beating Cincinnati. Cleon Jones drove in three New York runs while Ron Swoboda and Greg Goossen knocked in two each.

Elsewhere in the league, Green Bay beat Los Angeles 24-13, Dallas took Minnesota 28-17, Baltimore bombed San Francisco 36-14, Detroit bounced Atlanta 28-10, Philadelphia smothered New York 35-17 and Washington got past Pittsburgh 33-27.

Green Bay, now the only unbeaten team in the Western Division, had its troubles with the Rams before an 80-yard pass play from Bart Starr to Elijah

Pitts iced the game. The Packers lost five fumbles in blowing a 17-0 lead.

Dallas remained unbeaten in the Eastern Division with three 80-yard scoring marches in each of the last three quarters. Cowboy quarterback Don Meredith completed just eight passes but

two were good for touchdowns to Bob Hayes and Buddy Dial.

Lou Michaels tied an NFL record with five field goals and Alvin Haymond was tough on defense in the Baltimore victory. Michaels' kicks ranged from 23 to 41 yards and Haymond set up scores with two kick returns and a pass interception.

Norm Sneed pitched three scoring passes and Philadelphia easily beat New York. Sneed was 10 for 18 and 179 yards and Pete Rietzlaff caught five passes for 120 yards and a touchdown.

Charley Gogolak kicked four field goals and Washington scored 24 points in the second half as the Redskins came from behind to beat Pittsburgh. Sonny Jurgensen passed for two touchdowns.

Cards Upset Browns; Packers Defeat Rams

From Associated Press

Prentice Gault couldn't believe it, but the Cleveland Browns found it real enough.

With St. Louis and Cleveland tied 28-28 in the final quarter Sunday, Cardinal back Gault burst through the Browns' line and ran 23 yards for the score that gave St. Louis its 34-28 margin and raised its Eastern Division-leading NFL record to 3-0.

"It was a draw play and the blocking was beautiful," Gault said later in a jubilant St. Louis locker room. "No one touched me. I couldn't believe it."

After the touchdown, Cardinal extra-point kicker Jim Bakken missed his first point-after in 125 attempt and for a while it seemed as if it might cost St. Louis the ball game.

The Browns, who had blown a 28-14 lead, came roaring back to a first down on the St. Louis 11. Two of Cleveland quarterback Frank Ryan's passes were incomplete and Ernie Green picked up a yard on a run. On the fourth-down play, Ryan threw at rookie Milt Morin in the end zone, but Cardinal defender Jerry Stovall reached in front of him and knocked it down.

The Browns' injury-ridden, short-manned pass defense suffered further when Walter Beach pulled a calf muscle in the second quarter and was replaced by rookie Ernie Kellerman. Card quarterback Charley Johnson took advantage of Kellerman's inexperience with a 58-yard scoring throw to Jackie Smith.

Elsewhere in the league, Green Bay beat Los Angeles 24-13, Dallas took Minnesota 28-17, Baltimore bombed San Francisco 36-14, Detroit bounced Atlanta 28-10, Philadelphia smothered New York 35-17 and Washington got past Pittsburgh 33-27.

TOUCHDOWN TOPPLES BROWNS: Prentice Gault of St. Louis races past goal post on 23-yard burst up the middle that gave Cardinals 34-28 victory over Cleveland Browns Sunday. Defensive backs Mike Howell (34) and Erich Barnes (40) arrived on the scene too late to stop Gault. The victory gave the unbeaten Cardinals undisputed possession of first place in the Eastern Division of the National Football League. (AP Wirephoto)

Dawson Pitches Chiefs To Third Straight Win

From Associated Press

Law Dawson, who wasn't even listed among the American Football League's leaders last week, is batting a cool .600 today, a pretty good average for any pitcher.

Dawson gunned five touchdown passes, three of them to Chris Burford, as Kansas City routed Boston 43-24 for its third straight victory Sunday.

The Chiefs' attack moved mostly along the ground in Kansas City's first two triumphs with Dawson attempting only 28 passes and completing 16. Quarterbacks with less than 30 attempts were not included in the AFL list of top passers last week, so Dawson missed the cutoff.

He's not likely to miss it this week.

Against the Patriots' Dawson completed 20 of the 32 passes he attempted for 220 yards. He connected with Burford on scores covering 31, 25 and 15 yards, caught Curtis McCollinton with a 14-yard TD pitch and hit Heisman Trophy winner Mike Garrett on a nine-yarder.

Dawson, a 10-year pro, now has completed 36 for 60 ... a .600 percentage ... and thrown 10 touchdown passes. He has gained 511 yards through the air.

Elsewhere in the AFL Sunday, New York and San Diego preserved their unbeaten records while Buffalo stepped

back into the Eastern Division race.

The Jets, down 7-0 at the half, rallied to beat Denver 16-7. San Diego got three interceptions from Speedy Duncan and defeated Oakland 25-20. Buffalo beat Houston 27-20 when Hagood Clarke intercepted a George Blanda pass with 27 seconds to play and returned it 66 yards for a TD.

Denver threw a scare into the Jets but two third period field goals by Jim Turner kept New York within striking distance and Joe Namath finally hit Matt Snel with a five-yarder in the final period for the winning

TD.

Clarke stole Blanda's 52nd pass of the game and raced into the Oiler end zone for Buffalo's winning TD against Houston. The interception came with 27 seconds to play and then Clarke grabbed another Blanda pass with three seconds remaining, ending Houston's last hope.

Duncan's interceptions and John Hadji's solid quarterbacking led the Chargers to their third straight victory. Hadji ran for one TD, passed 19 yards to Jacques McInnon for another and set up a third with a 44-yard aerial to Lance Alworth.

Clarke stole Blanda's 52nd pass of the game and raced into the Oiler end zone for Buffalo's winning TD against Houston. The interception came with 27 seconds to play and then Clarke grabbed another Blanda pass with three seconds remaining, ending Houston's last hope.

It was the ninth victory in the last 10 games for the Croatsians at House of David Park.

Horst Linde scored an unassisted goal for the Kickers in the first half while Bruno Pahl got the second-half tally with an assist from Harry Sauer.

The Kickers travel to Chicago next Sunday to play the CDA team at Hermitage Park.

The St. Joe Kickers fell to their third straight defeat of the season Sunday, dropping a 5-2 decision to the Chicago Croatsians at House of David Park.

Horst Linde scored an unassisted goal for the Kickers in the first half while Bruno Pahl got the second-half tally with an assist from Harry Sauer.

STATE OF MICHIGAN IN THE PROBATE COURT FOR THE COUNTY OF BERRIEN

In the Matter of the Petition of INDIANA & MICHIGAN ELECTRIC COMPANY TO Condemn Certain Interests in Lands in Berrien County, Michigan, for the Purpose of Transmitting, Distributing and Supplying Electric Energy for Public Use.

IT IS ORDERED that on October 14, 1966, at 10:00 o'clock in the forenoon in the Probate Court room in the City of St. Joseph, a hearing be held on the Petition of the Indiana & Michigan Electric Company to condemn a right-of-way easement for the construction and maintenance of an electric power line for transmission of electricity for public use, together with certain rights and appurtenances thereto, as more particularly described in the Petition of said Indiana & Michigan Electric Company heretofore filed in this matter in accordance with the provision of Act 238 of the Public Acts of 1923 of the State of Michigan, such Petition concerning lands located in the Townships of Sodus, Royalton and Coloma, County of Berrien, State of Michigan, and in which lands Victor A. Miller and Helen T. Miller, Alex Kolosowsky, Sr. and Rose Kolosowsky, Alexander Kolosowsky, Jr. and Deanna Kolosowsky, James A. Kolosowsky and Clara Eileen Kolosowsky, Julius Kolosowsky and Kathleen Kolosowsky, The Federal Land Bank of St. Paul, Carl J. Walther and Jean In-float Walther, and The State Bank of Coloma have an interest, and

IT IS FURTHER ORDERED that the parties in interest hereinbefore named, and each

of them, shall cause their appearance to be made in said matter on or before the date set for hearing, and

IT IS FURTHER ORDERED that the parties in interest, and each of them, shall answer said Petition for condemnation and show cause, if any they, or each of them, have against the same. Publication and service to be made as provided by statute and Court rule.
